

## OPPORTUNITIES FOR EU FUNDED PROJECTS OF FONDAZIONE ROMUALDO DEL BIANCO NETWORK

Name of EU programme	<b>6th Framework Programme - Science and Society</b> 4.3.4.1 Promoting science and scientific culture, particularly among young people a) Improved communication and dialogue between the scientific community and the public on issues of European relevance, emphasising the role of audio-visual media.
Short description of possible activities	Project enhancing interest of young people in science and technology and in research activities as well as raising public awareness of certain scientific area. Target group – young people, children and wide public. Possible scenario: The topic which is vital for nowadays society (e.g. cloning, nuclear energy, nanotechnology, etc.) will be presented to wide public in an amusing way which will raise interest of wide public in this topic and will explain main issues in an understandable way. E.g. FRDB network students can prepare this work in their countries. During the week in Florence they can communicate these issues to Florentine public in a form like theatre performance, fashion show, street performances, street communication to people, giving specialised toys to children, etc.
Necessary number of partners	Min. 3
Contribution of the EU to the planned budget	100%

Name of EU programme	<b>6th Framework Programme - Human Resources and mobility - Marie Curie Conferences and Training Courses</b>
Short description of possible activities	<i>These Conferences and Training Courses will enable junior researchers to benefit from the experience of leading researchers. Support will be given to specific training activities (including virtual ones) that highlight particular European achievements and interests.</i> A series of events may combine conference-style events, with more practical events (schools or practical training courses) as described below. In order to be eligible, a project should include at least 4 events. There is no upper limit in the number of events per project. The events within a proposed series should together make a coherent training plan. Where they cover several themes, their grouping together should be justified from a scientific and/or training point of view or from an organisational point of view.
Necessary number of partners	The number of attendees (with or without Community support) in each event will typically not exceed 150
Contribution of the EU to the planned budget	250k€ and 1 M€
