(2-3 pages of A4)

Present form is reserved to all those who would like to propose their project ideas on the FRDB's attention, which will be shown on the Fundraising EU meetings. We would keep following up the programs and Calls for Proposals, so people would have up-to-date information about EU funding opportunities. The aim is that people will slowly get used to the idea of developing their own ideas using the FRDB network for realizing them. You can use the attached form to present your idea in a concise form. At the same time you can look for ideas of other people and can express the interest to make the project with the other partners of Foundation's Network.
