SATURDAY 27TH OF FEBRUARY 2010

Morning:

Free: it is suggested a visit to Cenacolo of San Salvi (Via Andrea Del Sarto, 16)

The Museum occupies large part of the former Vallombrosan convent dedicated to San Salvi and derives its name from the grandiose fresco in the refectory of the Last Supper by Andrea del Sarto, one of the masterpieces of Florentine Renaissance painting. The spacious conventual rooms are hung with important early Cinquecento paintings which document the development of Florentine painting of the period. They include works by Pontormo, Andrea del Sarto, Franciabigio, Raffaellino del Garbo, Giuliano Bugiardini, Bacchiacca and others. Also exhibited here is the funerary monument of St Giovanni Gualberto, founder of the Vallombrosan Order, which was commissioned from Benedetto da Rovezzano in 1505 but remained unfinished. A large study collection of paintings belonging to the museums in Florence is installed on the upper floor.

Afternoon:

- ❖ **h. 15.15: "Auditorium al Duomo" Foyer (Via de' Cerretani, 54)**
Bus Shuttle for Pontassieve Town visiting the exhibition "Beato Angelico in Pontassieve - Paintings and sculptures from the Florentine Renaissance".

Second year of the edition of the new program for the cultural moment with the Experts:

"Not only the Uffizi, but also the Florence territory".

During last Round Table 2009 we visited the "Villa Corsini at Castello", whose façade has been recently restored. In this Villa, after that visit, Nickolay Gorski Chernyshev (Academy of Fine Arts of Moscow) with the Foundation promoted some *open air* art workshops for university students.

We continue the Foundation's efforts for the promotion of the Cultural Heritage in Florentine area, to reach the goal of involving the territory in the world of culture, not in admiration of the past icons, but in admiration and respect of the daily life and activity of the past.

If this concept becomes a reality and is adhered by all Cultures in all Countries, Intercultural Dialogue will naturally result.

This year, after the exhibition in the Town of Figline (about the artist Cigoli) and in Bagno a Ripoli (about the artist Agnolo Gaddi) it is now the turn of the town of Pontassieve (15 km far from Florence, eastward), with the opening of the Exhibition "*Beato Angelico in Pontassieve - Paintings and sculptures from the Florentine Renaissance*".

The exhibition is promoted by:

- The Uffizi Gallery,
- The Municipality of Pontassieve Town

2010

2010
12th INTERNATIONAL ROUND TABLE

. Riccardo Gionata Gheri
. Maurizio Peruzzini

Welcome to Florence and we invite all of you to contribute to the activity of the Romualdo Del Bianco Foundation that promotes intercultural dialogue primarily among the young generations, with the activities which follow.

The Romualdo Del Bianco Foundation thanks all the Universities and Academies with their Rectors, Deans, Professors, Assistants and under-graduate and post-graduate Students, who believe in the ideals, mission and initiatives of the Foundation and participate its activities.

The Foundation's activities are possible also thanks to those supporting companies who --sharing the principles of 'Life Beyond Tourism'-- are able to turn the Foundation's ideals into reality. In fact, by contributing to the growth of the international Community, these enterprises put it into practice in their own activities the ideology of 'Life Beyond Tourism'.

As of January, 2010 there has been a major change to the supporting companies who collaborate directly with the Romualdo Del Bianco Foundation. The company Vivahotels, main supporter of the Romualdo Del Bianco Foundation, changed its activity:

their three hotels were rented for a long term agreement and the company remained with two complexes in the centre of the town.

We were assured that these two hotels, within one year, would be the place where the "Best Practices" of Life Beyond Tourism principles would be applied as written and signed in the 'Declaration of Intents' last 16th March 2008.

The Companies, with all their own referents and staffs deeply believe that:

- o tourism can be changed from tourism of consumerism and services into tourism of Values
- o tourism will become one of the greatest strategies to develop Intercultural Dialogue

to give more opportunities to the intercultural dialogue in our future life for the next generations, while the world population is expected to reach the number of 10 billion people in few years.

Of course the PUBLIC RELATIONS of the Foundation remain to

the President Paolo Del Bianco
the General Secretary Simone Giometti

As a result, the Foundation, with the President Paolo Del Bianco and the General Secretary Simone Giometti, works in total synergy with those Companies which adhere to the 'Best Practices' as follows:

- A. the CONFERENCE CENTRE al DUOMO – Florence (Marzio Marzi referent of the board)
- o Auditorium al Duomo (Referent Gianfranco Tognarini)
 - o Hotel Laurus al Duomo (Vice Director Sergio Di Trapani)
 - o Caffé Astra al Duomo
 - o Pitti Palace Hotel al Ponte Vecchio (Vice Director Sabrina Bisconti)

As of January all reference begun to apply the philosophy of Life Beyond Tourism within their respective workplaces.

At the same time, all the referents, following the example of Sabrina Bisconti and of Sergio Di Trapani, are

2010
12th INTERNATIONAL ROUND TABLE

contacting and involving the Florentine Companies (shops, restaurants etc.) which are in line with the Ideals and principles of Life Beyond Tourism.

- B. PROMO FLORENCE EVENTS (Fly Events srl) (Referent of the Board Carlotta Del Bianco)
Promo Florence Events is the right arm of the Romualdo Del Bianco Foundation, mainly oriented towards two fields:

- Organization of the Events (with Chiara Gomiselli, Andrea Redditi, Dana Pesova)

- The Life Beyond Tourism Network System (Caterina Del Bianco with Alessandra Brignola)
 - . Portal Web site
 - . Directory
 - . Photoblog
 - . Heritage
 - . Tourism and Travel

Hymn of the Foundation (Rovenko – Lissovskaya),
“The Hymn of Hope”

**“From Florence,
we are helping to trigger YOUNG PEOPLE’s EMOTIONS
urging them to come up with THOUGHTS and PROPOSALS
of USE to the INTERNATIONAL COMMUNITY”**

Our Mottos

We would like to remind you the previous mottos of the Romualdo Del Bianco Foundation connected with its mission to promote Intercultural Dialogue:

1998:

*“For peace in the world, among young people of different countries, through culture.
Meeting, getting acquainted, understanding each other to develop friendship among peoples”*

2004:

“International meetings without competition in the respect of each own identity – A past to know together a common future to share”

In the 2008,

during the 10th Round Table, this activity of the Foundation has been defined under ‘For Intercultural Dialogue “Life Beyond Tourism” principles <www.lifebeyondtourism.com> increasing the awareness towards the Heritage (tangible and intangible) seen as a great strategy and a world wide opportunity in favour of the today’s need for Intercultural Dialogue.

*This orientation ‘Life Beyond Tourism’ was officially introduced in Palazzo Vecchio the 15 March 2008 (Enclosures 1).
The following day was subscribed the Declaration of Intentions (Enclosures 1).*

The young generations have always been the Foundation task; through the young generation, through their eyes, their ideas and enthusiasm we wish to contribute to the Intercultural Dialogue for the International Community.

We believe that the awareness of the young generations, of the knowledge of the cultural diversities and the respect that consequently rises, should represent the right attitude nowadays.

For this reason we defined the 2010 motto as follows:

“From Florence, we are helping to trigger YOUNG PEOPLE’s EMOTIONS urging them to come up with THOUGHTS and PROPOSALS of use to the INTERNATIONAL COMMUNITY”

(transl.: “Da Firenze contribuiamo a suscitare Emozioni nei Giovani con Riflessioni utili per la Comunità Internazionale”)
